|            |             |                                   |                          | 标称容量<br>Nominal<br>Capacity<br>(mAh)            | 标称电流<br>Standard<br>Current<br>(mA) | 最大连续电流<br>Maximum<br>Continuous<br>Current<br>(Max)(mA) | 最大脉冲电流<br>Maximum<br>Pulse<br>Current<br>(mA) |                     |
| 1          | CR927       | 3.0                               | 9.5×2.7                  | 30  | 0.1                                 | 1.0   | 5.0   | 0.6                 |
| 2          | CR1025      | 3.0                               | 10.0×2.5                 | 30  | 0.1                                 | 1.0   | 5.0   | 0.7                 |
| 3          | CR1130      | 3.0                               | 11.6×3.1                 | 40  | 0.1                                 | 1.0   | 5.0   | 1.0                 |
| 4          | CR1216      | 3.0                               | 12.5×1.6                 | 25  | 0.1                                 | 1.0   | 5.0   | 0.6                 |
| 5          | CR1220      | 3.0                               | 12.5×2.0                 | 40  | 0.1                                 | 1.0   | 5.0   | 0.7                 |
| 6          | CR1225      | 3.0                               | 12.5×2.5                 | 50  | 0.1                                 | 1.0   | 5.0   | 0.8                 |
| 7          | CR1616      | 3.0                               | 16.0×1.6                 | 50  | 0.1                                 | 2.0   | 10.0  | 1.0                 |
| 8          | CR1620      | 3.0                               | 16.0×2.0                 | 70  | 0.2                                 | 2.0   | 10.0  | 1.2                 |
| 9          | CR1632      | 3.0                               | 16.0×3.2                 | 120   | 0.2                                 | 2.0   | 15.0  | 1.7                 |
| 10         | CR1654      | 3.0                               | 16.0×5.4                 | 210   | 0.2                                 | 3.0   | 20.0  | 2.9                 |
| 11         | CR2016      | 3.0                               | 20.0×1.6                 | 75  | 0.2                                 | 2.0   | 15.0  | 1.6                 |
| 12         | CR2025      | 3.0                               | 20.0×2.5                 | 150   | 0.4                                 | 3.0   | 20.0  | 2.5                 |
| 13         | CR2032      | 3.0                               | 20.0×3.2                 | 230   | 0.4                                 | 3.0   | 20.0  | 3.0                 |
| 14         | CR2050      | 3.0                               | 20.0×5.0                 | 320   | 0.4                                 | 3.0   | 20.0  | 4.1                 |
| 15         | CR2330      | 3.0                               | 23.0×3.0                 | 250   | 0.4                                 | 3.0   | 20.0  | 4.0                 |
| 16         | CR2335      | 3.0                               | 23.0×3.5                 | 300   | 0.4                                 | 3.0   | 20.0  | 4.2                 |
| 17         | CR2354      | 3.0                               | 23.0×5.4                 | 550   | 0.4                                 | 3.0   | 20.0  | 6.3                 |
| 18         | CR2430      | 3.0                               | 24.5×3.0                 | 300   | 0.4                                 | 3.0   | 20.0  | 4.2                 |
| 19         | CR2450      | 3.0                               | 24.5×5.0                 | 600   | 0.4                                 | 3.0   | 20.0  | 6.2                 |
| 20         | CR2477      | 3.0                               | 24.5×7.7                 | 1100  | 0.4                                 | 3.0   | 20.0  | 10.2                |
